

InterServer Hosting Plans: What's behind the screen?

InterServer offers a variety of hosting options, including shared; VPS cloud; and dedicated server hosting (in addition to reseller hosting).

Shared Hosting

The InterServer shared hosting plan is a budget-friendly option, at just \$4.95 per month with discounts available for longer-term contracts (using promo code and pre-order 2 years, price drops to \$3.85/mo). The service includes a wealth of handy features, including one-click installs, 24/7 customer support, a free migration service, “unlimited” features (more on that later), and more. Hosting specifications and full details at the table on your right.

Reseller Hosting

InterServer's reseller hosting plans start at just \$19.95 per month and climb over four plan options to \$69.95 per month. The plans range from 80-240 GB of disk space and 500-2,000 GB of monthly bandwidth, and all include client management through the popular Web Host Manager and are free of set-up fees.
